Dear Parents,

Project Sole Searching

Since 2013, St. Stephen's School has been organising *Sole Searching* to collect our boys' gently used school shoes. This year, in collaboration with the Leo Clubs of Singapore, we will be collecting all types of footwear which will be donated to needy families at the public schools in Cebu, Philippines. This project is headed by our Pupil Leadership and Awards Committee.

Background of Project

We have been collecting about 500 pairs of shoes yearly, and with the help of the Lions Club and SilkAir Pte Ltd, we were able to ship them to Siem Reap, Cambodia.

Men for Others

This project is part of our continuous effort to instil school values in our pupils to be a *joy* and show *kindness* to help the less fortunate. At the same time, pupils will learn that each choice we make has environmental impacts, so it is vital that we learn how to make the right ones. Pupils will understand the need to be environmentally friendly and practise reusing and reducing wastes, while doing their part for the less fortunate.

Prefects will package the collected shoes into individual bags with our school logo. They will then be presented to the families in Cebu. We seek your help to reinforce these values in your son, so that together, as partners in education, we develop their character to be '*men for others*'.

Details of Collection

We are looking for male/female used shoes (of all kinds) **still in good condition.**

Dates of collection: **30 October - 13 November 2017**

Venue: **St. Stephen's School Foyer**

We look forward to your support and providing your son the opportunity to exemplify the school values of *joy* and *kindness*, as well as being *men for others* in this simple act of giving.

Thank you and God bless,

Thomas Koh
Principal
St Stephen's School
